RE: Natural Resources Advisory Committee (NRAC) Response to Inquiry Regarding Assuming Responsibilities of Water Commission

Per the Board's direction on June 15, 2010, staff requested input from the NRAC on July 22, 2010 regarding whether or not it would be willing to assume the responsibilities of the Water Commission. The NRAC received a presentation from staff, deliberated, and approved the following:

The NRAC is willing to absorb the Water Commission's responsibilities, and recommends that if the Board does transfer the Water Commission's responsibilities to the NRAC, that the two existing alternates on the NRAC become full voting members, and that two additional alternates be recruited, thus expanding the NRAC to seven voting members and two additional alternates.
