

Notice of Public Meeting

Crystal Geysler Roxane Water Quality Investigation Wednesday, March 2, 2016, 5:30 p.m. Olancha Fire Station

Presentations by:

- Inyo County
- Lahontan Regional Water Quality Control Board
- Crystal Geysler Roxane

Inyo County is hosting a public meeting to inform interested residents about the investigation currently being conducted by the Lahontan Regional Water Quality Control Board of Crystal Geysler Roxane's Olancha water bottling plant. The public meeting is scheduled for 5:30 p.m. on Wednesday, March 2, 2016 at the Olancha Fire Station located at 689 Shop Street in Olancha California. The meeting will include presentations about ongoing efforts to address potential groundwater contamination resulting from Crystal Geysler Roxane's operations at the Olancha facility, the safety of the community, and anticipated steps moving forward.

In order to facilitate answering questions that might be raised at the meeting, it is requested that questions be submitted in writing prior to the meeting so that staff can research the specific topics raised. Although staff hopes to be able to answer questions posed at the meeting, in the event of complex topics, it may need to table the question, research the issues, and provide a response at a later date. Therefore, to make the most of the public meeting, please submit your questions in writing to the Inyo County Planning Department prior to February 23, 2016.

For more information or to submit written questions, please contact Cathreen Richards at the Inyo County Planning Department at (760) 878-0263; or at PO Drawer L, Independence, CA 93526; or at inyoplanning@inyocounty.us.
